Committee Reports

Curling - General discussion on the year of curling including bonspiels. It's the groups opinion that we need to work on having committees to put on each bonspiel separately. The committees should be reporting at general meetings on the plans. We will also draw up a guideline for the basic management requirements such as selling drink tickets separately rather than cash bar, etc.

The Hot Shots tournament has been cancelled due to lack of interest.

League curling is still going well and all are having a good time.

Advertising - the signs are still selling, there are a few more that are to go up.

Building update - Tower Engineering will be coming back to do a final inspection. Josef Nejmark also will have to come back to do a final inspection.

A temporary bar was constructed for upstairs, Bruce is waiting for some feedback in order to see how people feel about it before more work is done.

The elevator is now finished so now we are waiting for the final inspection before it can be put into service.

We got prices for shutters but we'll hold off a little while before we go ahead with that.

We need more shelving in the far storage room.

The kids room is being well used.

We have a 3 door cooler that was give to us that will be a great replacement for the current fridge.

Canteen - The chicken wing special at the Men's and the Mixed bonspiel's went over very well.

The Saturday morning breakfast is still going very well. The cooks have been cooking the bacon in the oven in order to decrease the amount of grease. This method is going well.
